CAREER OBJECTIVE

I am a second-year Computer Science and Engineering student at New Horizon College of Engineering with an interest in software development and problem-solving. I enjoy learning new technologies and building projects that help me improve my practical skills. I am looking for a two-month internship where I can learn from experienced developers and gain hands-on industry experience.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science & Engineering 2024 – Present
New Horizon College of Engineering, Bengaluru — CGPA: 8.05 / 10

Pre-University Course (Science) 2022 – 2024
Global City International School, Bengaluru

ICSE (Class X) Passed 2022
Bishop Cotton Boys' School, Bengaluru

TECHNICAL SKILLS

Programming:	Python, Java, C, JavaScript
Web:	HTML, CSS
Databases:	MySQL, SQL
Tools & Libraries:	Git, GitHub, Tkinter, CustomTkinter, pynput, Visual Studio Code, Arduino IDE
Core Concepts:	Object-Oriented Programming (OOP), Data Structures, DBMS, Operating Systems

ACADEMIC PROJECTS

Adaptive UI Engine – Context-Aware Desktop Interface Python | Tkinter | Multithreading | Git

- Built a desktop application that adapts its interface based on keyboard, mouse, and touchpad activity.
- Used a Finite State Machine (FSM) to switch between Active, Focus, Idle, and Error modes.
- Implemented multi-threaded event listeners to monitor user input in real time.
- Improved responsiveness by reducing unnecessary state changes.

Neurovia – AI-Based Dementia Screening Platform JavaScript | Python | SQL

- Worked on a team project to build a platform for dementia screening and patient support.
- Worked on frontend features, database integration, and version control using Git.
- Learned how to collaborate on a software project using version control.

EduMetrics – Student Engagement Analysis HTML | CSS | JavaScript

- Developed a website to display and analyze student engagement data.
- Designed simple and responsive web pages using HTML, CSS, and JavaScript.
- Gained hands-on experience in frontend development and responsive web design.

SOFT SKILLS

Problem Solving, Teamwork, Communication, Time Management

LANGUAGES

English, Kannada, Hindi

INTERESTS

Software Development, Artificial Intelligence, Badminton
